COTTON-SEED MEAL FOR POULTRY. It Has Been Used with Excellent Re- State of Vermont, District of Washington, at The Honorable Probate Court for the District

Sults.

Cotton-seed meal in rather limited amounts has been fed, since last November, with excellent results, to a pen of 30 pullets on the experiment farm of the U. S. department of agriculture. These pullets have averaged 52.3 eggs each in 20 weeks, from November 1 to March 20, which is practically equal to the best egg yield received this year from any of the other experimental rations. No bad effects have been noted from this bad effects have been noted from this same into money.

lets fed a ration with 33 per cent cotphosphate, or 200 pounds of a corn phosphate to the acre, put in with the corn planter for this crop.

ton-seed meal averaged only 33.2 eggs apiece in one year. A considerable per cent of these eggs had discolored yolks, A statement has appeared in some planter for this crop.

Preparation of Soil-Plow early and making them unfit for market. The making them unfit for market. The hens did not like this mash and had to be forced to eat it by feeding a very

COMMISSIONERS' NOTICE

ESTATE OF MARY CROWLEY cials of the university, and The Times has been asked to state that the summer school will be held as usual.

A public spirited individual whose name has not been given out, who feels that Brattleboro did an unwise thing in the annual meeting Tuesday, in cutting off the appropriation of \$500 for open air concerts the coming summer, has promised \$500 to continue the series.

Conductor Fred C. Leitsinger says 12 concerts will be given.

Variety to Plant—We cannot be particular about this year. The ticular about this point this year. The yellow-eye is a standard bean, a good yielder and adapted to our conditions. These results appear to indicate that cotton-seed meal can be fed at the rate of about ten per cent of the mash or five per cent of the total ration, with an equal per cent of beef scrap with excellent results. In sections where cotton-seed meal is produced, half of the appropriation of \$500 for open air concerts the coming summer, has promised \$500 to continue the series.

Conductor Fred C. Leitsinger says 12 concerts will be given.

Conductor Fred C. Leitsinger says 12 inches and from drilling four to five inches in the rows to hills three and one-ticular about this point this year. The ticular about this point this year. The yellow-eye is a standard bean, a good yielder and adapted to our conditions. These results appear to indicate that the two distance of about ten per cent of the mash or five per cent of the total ration, with an equal per cent of beef scrap with excellent results. In sections where cotton-seed meal is produced, half of the beef scrap in the mash apparently can be replaced by cotton-seed meal with excellent results.

Conductor Fred C. Leitsinger says 12 inches to 42 inches to 42 inches to 42 inches and from drilling four to five inches in the rows to hills three and one-ticular about this point this year. The vellow-eye is a standard bean, a good yielder and adapted to our conditions.

FOR SALE—Farm 180 acres; good buildings; running water at house and barn; fine wood lot; whole season's manure under barn; has been under state of cultivation; already have 20 acres of broken ground and 8 or 10 acrer plowed over for corn and potatoes; reason for selling, proprietor has grantle business in the city and can't see to both; price, \$2,500, but for cash and quick sale can do better; inquire of Louis DeBlois, 91 Maple avenue, 'phone 719-3.

DO YOUR BIT

It is the plain duty of every American to put forth his best efforts for the betterment of present conditions. If you are unable to serve in the army or navy, you certainly can render an inestimable service to the country by engaging in farming—even on a small as well as a more extensive scale. We predict this will be the best year the farmer has ever seen and by purchasing a farm now you will share in this prosperity and have the satisfaction of helping to serve. The farms described here are good values and desirable. Owners might consider enchanging for other property.

No. 1024. Circumstances make it necessary to sell this Plainfield farm at once. On main roud and a winner. Fields lay nearly level; are smooth and good soil; one barn more than 150 ft long with new cement stable; brick house with bath, hot and cold water, etc.; wood for home use and some to sell; good water; splendid trout brook runs through. This property is located on cream route; R. F. D. and grocery team calls; five miles from Plainfield and six miles from Barre. With this farm the owner will include 10 head of stock, pair of heavy lorses, and tools complete. Price, \$6,000.00.

No. 1113-All for \$2,300.00. Heavy horse No. 1113—All for \$2,300.00. Heavy horse, 7 cows, bull, mowing machine, plow, rake, harrow, cultivator, wagon, harnesses, cream separator, sugar tools consisting of boiling rig. 500 tin buckets, etc., etc.; all included at \$2,300.00, with this 138-acre place, situated about two and one-half miles from creamery, stores, churches, etc., seven and one-half miles from Waterbury; good comfortable basement barn and eight room house. You will want to look this over. to look this over.

See our list before buying. Your auction work satisfactorily handled.
